

I am writing in response to the the new LPFM being proposed. I am a current K-LOVE listener and am pleased with being able to listen to my station without any disruptions. I enjoy K-LOVE because it serves me and my household with positive messages that I love to let my children listen to. If we did not have K-LOVE to listen to, then not only my family, but others would be without a christian radio station to listen to. Commercial free is a benefit, however, K-LOVE offres encouragement. When having a rough day, I prefer to turn on a radio station with encourging words rather than go out for a drink ( I know others feel the same way I do). Without K-LOVE, those who would not be able to leave their homes, would not be able to sit back an listen to a good encourging radio station. And when on the road, and traffic gets tough, its nice to hear positive words from the radio and not about all the negative feeling in the world (only to encourage negative behavior).

Thank you for taking the time to read my comments on the proposed Low Power FM. I pray and hope that my words have brought encouragement to you.

Sincerely, Roberta Curtis
